

... IN THE PAST WEEKS

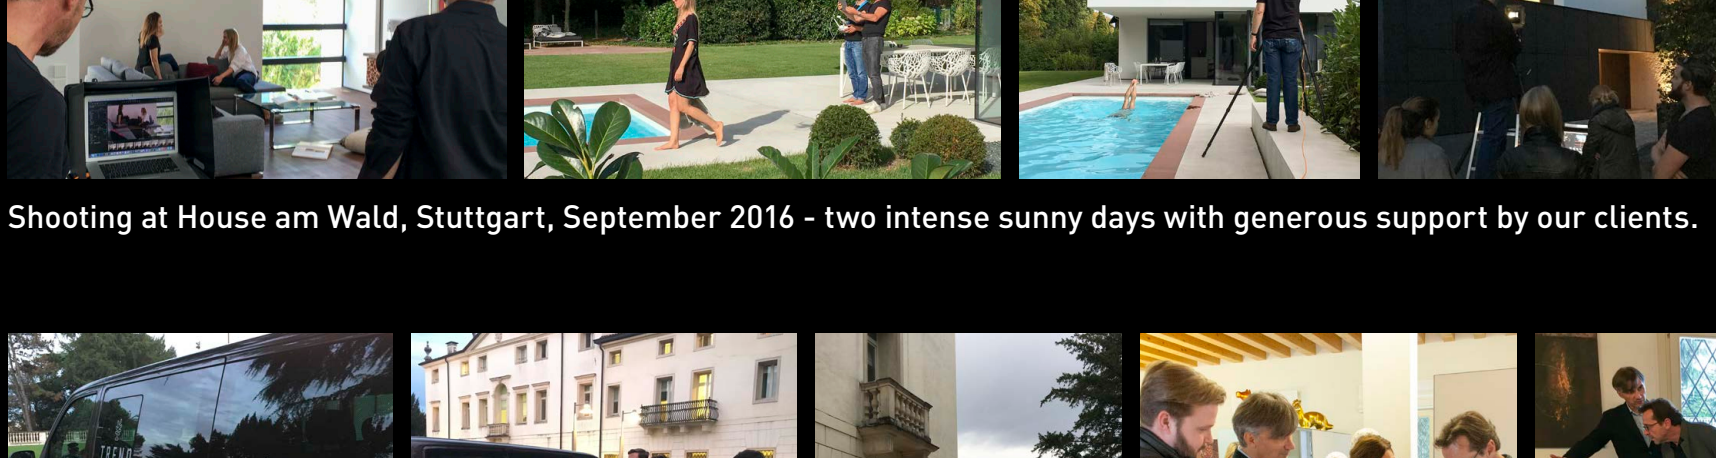

"Lagerfeuer" in our studio garden in July. The rain in between had no chance against the warmth of our guests and the heat of the fire ... but even made us all get closer :-> :-> Thanks to all for coming.

September: Workshop in Bilbao and Basque Country with best colleagues and friends.

Shooting at House am Wald, Stuttgart, September 2016 - two intense sunny days with generous support by our clients.

October, Italy: Being guests at TREND Group, Vicenza - our one and only glass mosaic manufacturer. Intense workshop days and dialogues about further collaborations and design projects. Thanks to the founder Pino Bisazza and to CEO Andrea di Giuseppe for the invitation and very special thanks to Alessandro Foschini and his crew for the perfect teamwork.

Next highlight was the two-days stay at ORSONI, Venice, part of the TREND Group. The traditional ORSONI is the most famous and renowned manufacturer of handcrafted smalti and gold leaf mosaic, which is supplied to the whole world from here. Incredibly impressive to see the production and the famous glass library.

Finally a research day in the wonderful spaces created by Carlo Scarpa in Venice and a visit to the Peggy Guggenheim Collection.

CURRENT PROJECTS

The construction work for „Finewave House“ just started on this beautiful site. We are happy to see this project grow.

Landscaping in progress at Crown House, Frankfurt where also the interior finishings stride well ahead.

Tons of weight: Installation of a concrete wall slab at our special „Baby“ Parler Research House PR39.

Architect @ Work

Messe Stuttgart

Donnerstag, 8. Dez. 2016, 15:30 Uhr

FLASHLIGHT :-> :-> :->

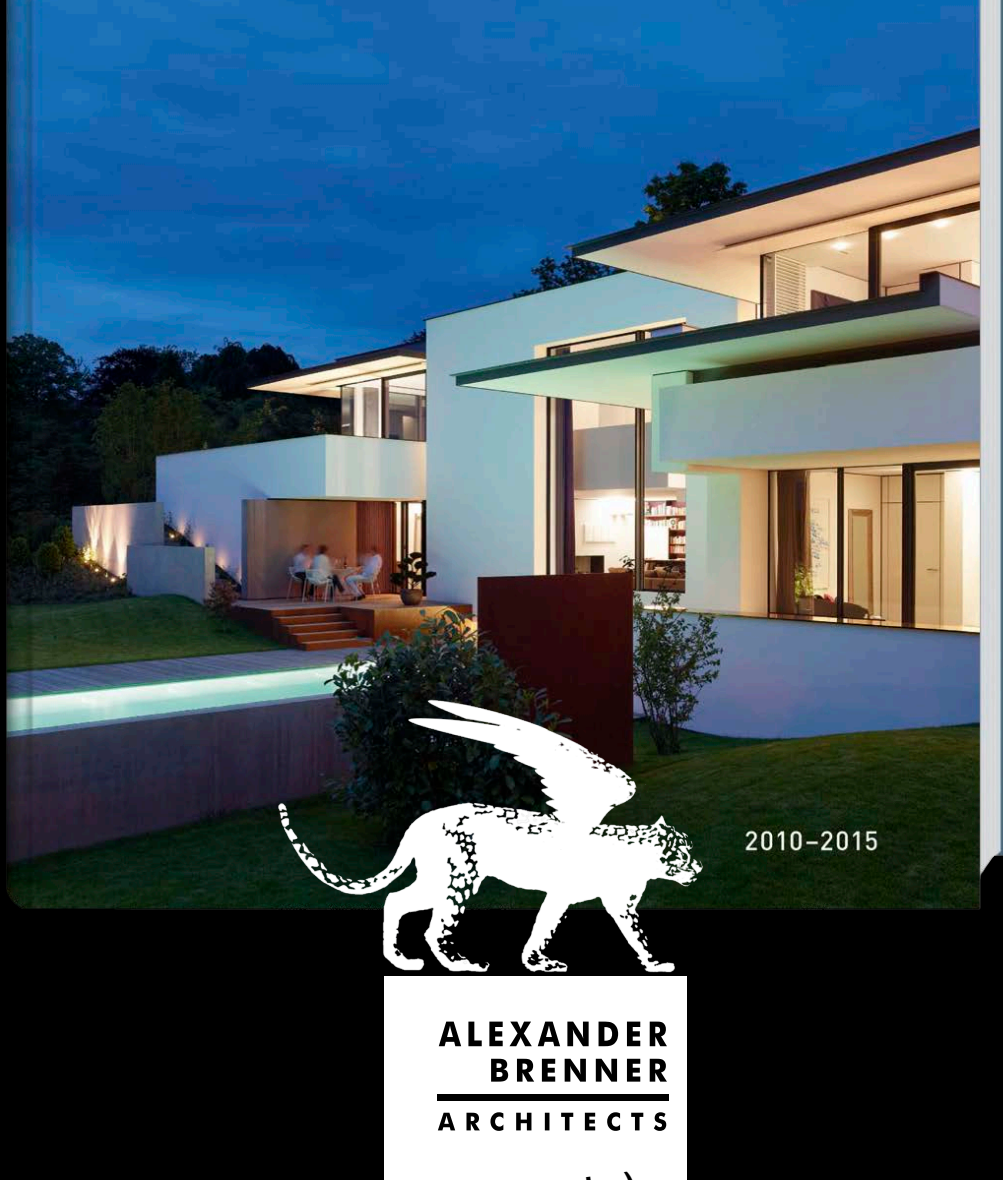

Thanks to all the people and colleagues who send us pictures of imitations and obvious copies of our work ...

To our copyists we highly recommend the book

Alexander Brenner - Villas and Houses

to come even closer to where they would like to be.
